## What have we been up to?

The past two months have kept us very busy at the workshop. Angela and I have been busy creating DIY projects and fulfilling a some custom orders. Among these orders is a ***Stronger Than Cancer sign*** for our littlest customer fighting Pediatric Cancer. We wish him a speedy recovery!

We also made three retirement/going-away [gifts](#) for our Marines. Two are Marine Corps chests, and the third is a [Bottle Display case](#).

All orders have been personalized with a going away message, chosen by the Marine's peers.

## Upcoming Projects

Keep checking our blogs at [www.WoodyThings.com/blog](http://www.WoodyThings.com/blog) as we are consistently posting new projects and tips.

This month we will be publishing new DIY's themes showcasing **St. Patty's Day**, **Easter**, and **SPRING!!!**

Yes, we're excited to put Winter to bed and wake up to a warmer and sunnier Spring.

We will also add some rustic looking clocks (American flag, all-wood, antiqued), and some glass painting and decoupage techniques. Stay tuned ;-)

Lastly, we will publish a Beer Caddy/Mason Jar Tote DIY showing the steps you can take to build your very own caddy/tote.

## Products Introduced

Along with the caddy we're offering a [DIY kit](#) (*complete with wood, nails, bottle opener, carrying handle*) you can build yourself or order as a gift for others. For the ultimate DIYer, we have a [how-to guide](#) so you may build this item from scratch!

***Wine and Glass Silhouette Clock***. This wall-mounted clock is perfect for any living space, and can be personalized with your favorite quote or family name. As Angel likes to say, "Its wine-o'clock SOMEWHERE."
